Claim Rejections Under 35 U.S.C. 103

Claims 14 is rejected under 35 U.S.C. 103(a) as being unpatentable over admitted prior art (admission) in view of Takizawa (US 6,740,457).

In response, applicant has canceled claim 14 without prejudice, and the rejection relating thereto is now moot.

Allowable Subject Matter

By the above amendments, applicant has rewritten claim 15 in independent form including all the limitations of the original base claim 14. This has been done based on the remarks made by Examiner under the heading Allowable Subject Matter. Thus, amended claim 15 is submitted to be allowable.

Claim 18 has been amended in respect of minor informalities only. The allowance of claims 18 and 19 should be maintained.

In view of the foregoing, the present application as claimed in the pending claims is considered to be in a condition for allowance, and an action to such effect is earnestly solicited.

Respectfully submitted,
